BIG WYOMING FRAUD.

Montana Capitalists Victims of a

"Salted" Mine Deal.

Special Correspondence.

Casper, Wyo., Oct. 9.—It is learned today from an absolutely reliable source that one of the biggest fake schemes in the line of "salting" mineral property in this state was successfully operated at Lander, or rather in the Lander mining district, about three weeks ago. T. L. Greenough, a capitalist from Missoula, Mont., together with 20 others from the same state and from Washington came

a capitalist from Missoula, Mont., together with 20 others from the same
state and from Washington came
through here on their way to Lander
for the purpose of investigating this
property, which had been represented
to them as promising large returns.
They purchased 30,000 acres of gold
placer land, including water rights,
at an expense of \$30,000, and after
a thorough and exhaustive "test" by
expert assoyers, it was reported to
be worth millions of dollars and everybody wanted some of the land, and
a great rush set in to locate claims
adjoining the Greenough property.
Now it developes that the mines were
"salted" and the Greenoughs have
ordered operations suspended and
have cancelled all orders for material
which has not already been shipped.
It is reported on the best authority
that the assays were not correct and
int in every test where a good run
of gold was found the property was
made rich in gold by artificial means.
All the fumber, machinery and other
mining material, as well as all orders
for commissary supplies, en route
have been cancelled and the work-

mining material, as well as all orders for commissary supplies, en route have been cancelled and the workmen have been released without reservation. The parties who were faked are now hauling back to Lander the material which had left there for the mines, including a carload of dynamite. It is not given out who the parties were who sold the property to the western capitalists, but it is known that the men who had the money were induced to let loose of a good bunch of it.

MACMILLAN DIVIDEND.

A Salt Laker Who Has Won Out in

The J. H. Macmillan company, in-corporated, is certainly contributing to share toward making Goldfield a argo and prosperous mining camp, says the Goldfield News. LOGAN GETS EXCITED.

In Logan, considerable excitement has been caused over the reported discovery of some good tead prospects in litarismith's Fork canyon. On Sept. 28 Silvey and Smith located a claim called the Hidden Treasure, and Tuesday, white surveying on the claim, a lot of large and small boulders of cube galena were found on the surface of the ground. What else was found, or whether anything else was found, or whether anything else was found, to the work of the creshown to a Sait Lake man caused him to offer \$500 to anyone who would take him to the caim, the whereabouts of which he could not learn. Several Ogden parties are interested in the property.

## MINING STOCKS STILL SLUMPISH

The Tintic List Suffered Further Reverses During Today's Calls.

ALTA ISSUES ARE AFFECTED.

South Columbus Brought Out at Bargain Figures-Closing Quotations.

It was very evident from the way things went on the floor of the Salt Lake Stock & Mining exchange today, that the "bottom" has not been reached in the local mining stock market. Prices sank lower than ever today. The entire Tintic list was on the toboggan, Uncle Sam Consolidated and Beck Tunnel Consolidated, which have just announced dividends, shaved close to the dollar mark, while one more shove would have sent Lower Marnath to \$2 May Day sold as low as \$4 and Iron Blossom down to 46; but this stock closed with a weak rally. Sloux Consolidated closed on a sale at tumbled all the way from 60 to 56

cents.
The Alta stocks have been affected by the general condition of the market and are acting in sympathy. South Columbus registered sales at \$1.15 and sales of the unlisted stocks are

reported and only few quotations were made. The closing quotations and sales were: UNLISTED STOCKS.

## SMALL ADVANCES, LARGE DECLINES

New York, Oct. 11.-First prices of stocks were but little changed from last night, and there were both declines and advances. The declines were the most numerous and conspicuous. The speculation was nervous in tone, with some stocks flucuating a point until the list became weak all around. The low level reflected losses of 2% in Canadian Pacific, 2 in Missouri Pacific, American Smelting and Lead preferred, 1% in Northern Pacific, General Electric and National Lead. 1% in Anaconda and 1 in Union Pacine and Amaigamated Copper. American Car preferred ruse 2%, Chicago, St. Paul, Simi

preferred rose 2% Chicago, St. Paul, Amneapons & Omana 1%, and Union Pacin.
Preserved 1.

Stocks came upon the market in large
volume during the second nour. Leccimes in a number of those for which the
market is usually most active reached
a point or more, but the full in prices
was violent where the market is usually
nairow, and in some of the active industrials. Nashvine, Chantanouga & St.
Louis sold at a decline of 12, Comrado Fuel
preferred 5%, Missouri Facine 5%, Vestinghouse Exectife 5%, Canadian Pacine
3%, American Smelting 5%, National Lead
3%, Great Northern Ore Cerificates and
Sugar 2, Amaigamated Copper and American Locomotive 1% and 8t. Paul, Southern Pacine, Reading, Great Northern preferred, United States Steel preferred and
others 1 to 1%. The market steadled before midday, out became very duit.

Bonds were steady and quiet.
